## How Does This Coverage Work?

Costs related to a critical illness accumulate quickly, and you will need an easy way to help cover expenses right away. Don't let added worries slow your recovery—you have a life to get back to! Here's how the coverage works:

1. Insured is diagnosed with a covered illness
2. Submit one claim (no reimbursement or receipts)
3. Verification of eligibility
4. If the claim is approved, benefit payment is sent to insured

You will receive 100% of the coverage purchased, in most cases, with the exception of Carcinoma in Situ, which pays 25% of the purchased amount.

How you use the cash benefit is up to you. You may need help paying medical bills, replacing lost wages, meeting living expenses, or creating a college fund or estate plan for your loved ones. The policy's flexibility allows broader protection for your unique situation. Knowing your expenses will be covered gives you the time, focus, and positive outlook necessary to recover fully and get back to living your life.

## Can I Make More Than One Claim?

The policy benefit may be used twice, provided the claims are for two different types of covered illnesses. The second illness is subject to a six-month waiting period after the first diagnosis. Only one benefit is payable for

any one critical illness, but with the added security and support a critical illness policy offers, we hope you'll be stress-free and living healthier (and longer)!

## What Else Should I Know?

**RENEWABLE:** Coverage may be renewed annually based on attained age, and there are no cutbacks on benefits. Renewing is as easy as just saying "yes."

**ANNUAL PREMIUMS:** See the rate sheet on the last page of this brochure for premium information.

**EFFECTIVE DATE:** Insurance will take effect on the date your application is approved by New York Life Insurance Company provided the initial contribution is paid within 31 days after the date you are billed (send no money now), and any person to be insured is actively performing the normal activities of a person in good health of like age (NC residents: a person of like age) on the date of approval.

Any person who is not performing his/her normal daily activities as required will not become insured until the day he/she is performing such activities provided such date is within three months of the date insurance would have been effective, and the person is still eligible.

**30-DAY FREE LOOK:** If you're not completely satisfied with the terms of your Certificate of Insurance, you may return it, without claim, within 30 days. Your coverage will be invalidated and you will receive a full refund—no questions asked!

**WHEN COVERAGE ENDS:** Once coverage is validly in force, it may be continued until you or your covered spouse reaches age 75. Coverage will end earlier if: you cease to be an AIT professional; premium contributions are not paid when due; the covered person begins full-time active military duty; the covered person receives benefits for two separate illnesses; or the group policy is terminated or modified to end insurance for the group of insureds to which you belong.
