Why request Group Hospital Indemnity Insurance through Appraisal Institute Insurance Trust?

The **Appraisal Institute Insurance Trust Group Hospital Indemnity Insurance Plan** offers additional protection if you or a family member become hospitalized. Your current health insurance may not cover all of your hospital expenses, resulting in the rapid accumulation of your deductible, co-pays, and other non-covered expenses. While hospitalization can be a difficult time, this coverage can help you rest a little easier knowing those extra expenses may be paid, protecting your savings and retirement plans.

With this insurance, you'll have access to the following if you or a family member is hospitalized:

- **Up to \$100 a day for up to 365 days for each covered period of confinement**
- **Payments are made directly to you**
- **Benefits begin on first day of hospitalization**
- **Benefits are doubled for confinement in an intensive care or cardiac care unit**
- **Benefits equal to 50% of your selected benefit are payable for up to 180 days if you are confined to a convalescent facility after a hospital confinement of 15 days or more**
- **Benefits are payable in addition to any other insurance you may presently have**
- **Benefits can be used however you'd like, such as:**
 - **Your hospital bill**
 - **Additional medical costs**
 - **Deductibles on your medical insurance**
 - **Meeting your family's regular, ongoing expenses while you're hospitalized**

Who Is Eligible for This Coverage?

Acceptance is guaranteed for all AI professionals under age 65 who reside in the United States or Puerto Rico (except VT and territories) regardless of health. Acceptance is also guaranteed for eligible spouses under age 65 and dependent children through age 25 (including legally adopted children and stepchildren or through age 29 for children who have been honorably discharged from the military). Newborns are automatically covered for 31 days from birth. If the newborn is the first child, coverage can be extended by completing the appropriate enrollment forms and paying the additional premium. All future children are then automatically covered at no additional cost.

Current 2024 Quarterly Premium per \$10 Daily Benefit Available up to \$100 per Day

PREMIUM CREDIT: A 15% premium credit has been approved for 2024. The premium credit is a value-added benefit of being an AI professional. In addition to the group rate, your rates are further reduced due to the credit and represent the percentage of your premium bill that is paid to the insurance carrier by the Appraisal Institute Insurance Trust. Premium credits vary from year to year and are not guaranteed, depending on the claims experience. *Note: Rates shown do not reflect the reduced cost after premium credits are applied.*

Age	Insured	Insured Spouse
Under 40	\$2.25	\$3.00
40-49	\$3.00	\$3.65
50-59	\$5.00	\$5.50
60-69	\$7.25	\$7.00

Dependent rates are \$3 for each \$10 unit of coverage for the first child, then all future children are automatically covered at no additional cost. Coverage terminates at age 70 for insured AI professionals or spouses, and at age 26 for insured dependents or age 30 for children who have been honorably discharged from the military.

Age means the Insured AI professional's age, except that if insurance is continued on an insured spouse in the event of Insured AI professional's death or dissolution of marriage, age means the insured spouse's age.

The premium contributions shown above reflect the 2024 rates and benefits structure. All premiums are based on the AI professional's age immediately preceding January 1 (if your birthday is January 1 then age is based on your birthday), and increase as he or she attains a new age class. New York Life may change premium contributions on any premium due date but not more than once in any twelve-month period, and on any date on which benefits are changed. Your rate may change only if they are changed for all others in the same class of insureds under this group policy. For example, a class of insureds is a group of people with all the same issue age and gender. Benefit option amounts are subject to change by agreement between New York Life and the policyholder.
